BACKGROUND:

The entire length of Markham Woods Road (7.4 miles) is posted at 45 mph with the exception of the section at E.E. Williamson Road. This increase would provide a consistent posting of 45 mph from SR-434 to Markham Woods Road. Speed studies completed within this section of Markham Woods Road indicate an 85th percentile speed of 49 mph with 15% of the vehicles studied traveling in excess of 49 mph. In accordance with Florida Statutes, Chapter 316, current conditions support an increase to 45 mph.
