BACKGROUND:

On September 25, 2007, via Ordinance 07-33, the Board approved the creation of the Lake Myrtle Restoration MSBU for the purpose of improving water quality and lake conditions within the southern most cove of Lake Myrtle. At that time, preliminary assessments based on estimated project costs were recorded. Following completion of the restoration work, the requested public hearing is required to finalize the assessment rates based on actual cost. The tentative date for the final public hearing is May 20, 2008. Actual hearing date may vary based on actual completion date of project.

STAFF RECOMMENDATION:

Staff recommends the Board approve and authorize scheduling and advertising of the final public hearing and rate resolution for the Myrtle Lakes Improvement MSBU.
