2007/2008 Byrne Grant Project Summary ($222,339)

SCSO DIGITAL IN CAR VIDEO ***$48,439.00***

The Seminole County Sheriff's Office is currently transitioning from VHS style In-Car Camera systems to Digital In-Car Video Camera systems to enhance the quality of video evidence collected in alcohol and drug abuse cases. The objective is to significantly support and enhance the ability to prosecute cases, provide proof of alcohol/drug use, and provide credible testimony in court. Funding will assist in the purchase of 10 Digital In-Car Video Cameras.

TICKET WRITERS FOR PATROL ***$15,000.00***

Altamonte Springs Police will purchase ticket writers for patrol squads. The ticket writers will provide a means to produce professional uniform traffic citations, reduce the contact time between officers and offenders, and provide the ability to store important data in a computer system to assist in building strategies for enforcement.

SANFORD CRIME VIEW I ***$25,000.00***

This software will permit the Sanford Police Department to graphically view and analyze data from our Records Management System (RMS) and Computer Aided Dispatch (CAD); as well as create high quality reports. This system will assist the Sanford Police Department by creating complex queries based on geographic location and type of offense in order to obtain data by community area.

CASSELBERRY TRAFFIC TECHNOLOGY ENHANCEMENT II ***$19,938.00***

With grant funds, the Casselberry Police Department will purchase twelve (12) rifles and six (6) shotguns. Existing equipment date back to the 1970's and is in need of replacement. Rifles are a basic necessary tool for law enforcement utilized during high-risk events or when distance shooting may be necessary.

PROACTIVE TECHNOLOGY DEPLOYMENT ***$19,462.00***

The City of Lake Mary Police Department will use these funds to purchase nine (9) laptops equipped with ticket writer software and printers, and three (3) camera systems for motorcycle officers. This proactive technology deployment will continue efforts includes the addition of digital cameras for our motorcycle officers, so often these videos are utilized in the prosecution of defendants yet currently our Traffic Officers do not have this advantage available to them. Furthermore, in previous community safety enforcement efforts Lake Mary deployed hand held ticket writers to aid in the efficiency of the enforcement effort; this will increase with computerized ticket writers in patrol vehicles to quadruple our on-going efforts.

OVIEDO POLICE DEPARTMENT TICKET WRITER PURCHASE **$20,000.00**

Grant funds will be used to purchase four (4) automated ticked writer systems for the Oviedo Police Department Traffic Officers. Automated citation software is an effective tool helping to meet the needs of law enforcement. This technology lessens errors made by officers while writing traffic citations and lessens the time necessary for an officer to spend on a traffic stop while issuing a traffic citation.

CRIMINALS CAUGHT ON CAMERA I **$58,000.00**

The appropriation of grant funding will allow the Winter Springs Police Department to purchase twelve (12) in-car video cameras and the associated start-up hardware necessary for storage of video evidence. This equipment will greatly enhance the successful prosecution of criminals who are caught committing criminal acts involving drug and alcohol violations.

LONGWOOD GUARDIAN WATCH SYSTEM **$16,500.00**

The Longwood Police Department will purchase twelve remote video cameras to create an intranet system for patrol cars to extend their viewing capability. The "Guardian Watch System" will allow officers to view high crime threat locations such as banks and convenience stores from lap top computers in their patrol cars. The system will also allow for reviewing activity recorded over a twenty four hour period.

Section 2: Project Overview

General Project Information

Project Title: GUN ENHANCEMENT PROGRAM

Project Sequence No: 1

Subgrant Recipient: City of Casselberry

Implementing Agency: Casselberry Police Department

Project Start Date: 10/1/2007 **End Date:** 9/30/2008

Problem Identification

The Police Department currently has available, and issued, four (4) patrol rifles, which date back to the 1970?s. These rifles are issued to the patrol supervisor and are utilized during high risk situations or when distance shooting may be necessary. Given the age of the weapons and the numerous weapon malfunctions experienced during range qualifications, it is particularly important that these weapons be replaced.

In addition, Detectives assigned to the Criminal Investigations Section do not have assigned shotguns. Their potentially high-risk situation status makes it essential they have shotguns to adequately deal with situations in a safe manner.

Project Summary

Approval of this grant application and the aforementioned equipment will permit the Police Department to outfit approximately twelve (12) of its patrol officers with modern day patrol rifles. Furthermore, Detectives will be issued shotguns.

The data collected must be available to U.S. DOJ and FDLE upon request.

30. Overtime for Law Enforcement Personnel

Prior to obligating funds from this award to support overtime by law enforcement officers, the U.S. Department of Justice encourages consultation with all allied components of the criminal justice system in the affected jurisdiction. The purpose of this consultation is to anticipate and plan for systemic impacts such as increased court dockets and the need for detention space.

31. Criminal Intelligence System

a. The purpose of the federal regulation published in 28 CFR Part 23 - Criminal Intelligence Systems Operating Policies is to assure that subgrant recipients of federal funds for the principal purpose of operating a criminal intelligence system under the Omnibus Crime Control and Safe Streets Act of 1968, 42 U.S.C. 3701, et seq., as amended, use those funds in conformance with the privacy and constitutional rights of individuals.

b. The subgrant recipient and a criminal justice agency that is the implementing agency agree to certify that they operate a criminal intelligence system in accordance with Sections 802(a) and 818(c) of the Omnibus Crime Control and Safe Streets Act of 1968, as amended and comply with criteria as set forth in 28 CFR Part 23 - Criminal Intelligence Systems Operating Policies and in the Bureau of Justice Assistance's Formula Grant Program Guidance. Submission of this certification is a prerequisite to entering into this agreement.

c. This certification is a material representation of fact upon which reliance was placed when this agreement was made. If the subgrant recipient or criminal justice agency operates a criminal intelligence system and does not meet Act and federal regulation criteria, they must indicate when they plan to come into compliance. Federal law requires a subgrant-funded criminal intelligence system project to be in compliance with the Act and federal regulation prior to the award of federal funds. The subgrant recipient is responsible for the continued adherence to the regulation governing the operation of the system or faces the loss of federal funds. The Department's approval of the subgrant recipient agreement does not constitute approval of the subgrant-funded development or operation of a criminal intelligence system.

32. Confidential Funds

A signed certification that the project director or the head of the Implementing Agency has read, understands, and agrees to abide by all of the conditions for confidential funds as set forth in the effective edition of OJP's Financial Guide is required from all projects that are involved with confidential funds from either Federal or matching funds. The signed certification must be submitted at the time of grant application.

33. Equal Employment Opportunity (EEO)

a. No person, on the grounds of race, creed, color or national origin shall be excluded from participation in, be refused benefits of, or otherwise subjected to discrimination under grants awarded pursuant to Title VI of the Civil Rights Act of 1964; Section 504 of the Rehabilitation Act of 1973, as amended; Title IX of the Education Amendments of 1972; The Age Discrimination Act of 1975; and, Department of Justice Non-Discrimination Regulations 28 CFR Part 42, Subparts C, D, E, F, G and H.

b. The subgrant recipient and the implementing agency agree to certify that they either do or do not meet EEO program criteria as set forth in Section 501 of The Federal Omnibus Crime Control and Safe Streets Act of 1968, as amended and that they have or have not formulated, implemented and maintained a current EEO Program. Submission of this certification is a prerequisite to entering into this agreement. This certification is a material representation of fact upon which reliance was placed when this agreement was made. If the subgrant recipient or implementing agency meet Act criteria but have not formulated, implemented and maintained such a current written EEO Program, they have 120 days after the date this agreement was made to comply with the Act or face loss of federal funds subject to the sanctions in the Justice System Improvement Act of 1979, Pub. L. 96-157, 42 U.S.C. 3701, et seq. (Reference Section 803 (a) of the Act, 42 U.S.C. 3783 (a) and 28 CFR Section 42.207 Compliance Information).

c. Any subgrant recipient or implementing agency receiving a single grant award for $500,000 or more OR an aggregate of grant awards for $1,000,000 or more during any 18 month period in federal funds, must have approval of its EEO Plan by the U.S. DOJ, Office for Civil Rights (OCR). The subgrantee shall submit its EEO Plan to FDLE, for submittal to the U.S. DOJ, OCR for approval. The submission shall be in both paper copy and electronic format. If the U.S. DOJ, OCR has approved an agency's EEO Plan during the two previous years, it is not necessary to submit another EEO Plan. Instead, the subgrantee need only send a copy of its approval letter from the OCR. However, if the EEO Plan approval is more than two years old, an updated Plan must be submitted.

d. In the event a Federal or State court of Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, sex, or disability against a recipient of funds, the recipient will forward a copy of the finding to the Office for Civil Rights, Office of Justice Programs.

34. Americans with Disabilities Act

Subgrantees must comply with the requirements of the Americans with Disabilities Act (ADA), Public Law 101-336, which prohibits discrimination by public and private entities on the basis of disability and requires certain accommodations be made with regard to employment (Title I), state and local government services and transportation (Title II), public accommodations (Title III), and telecommunications (Title IV).

35. Immigration and Nationality Act

No public funds will intentionally be awarded to any contractor who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions contained in 8 U.S.C. Section 1324a(e), Section 274A(e) of the Immigration and Nationality Act ("INA"). The Department shall consider the employment by any contractor of unauthorized aliens a violation of Section 274A(e) of the INA. Such violation by the subgrant recipient of the employment provisions contained in Section 274A(e) of the INA shall be grounds for unilateral cancellation of this contract by the Department.

36. National Environmental Policy Act (NEPA)

b. For any of a subgrantee's existing programs or activities that will be funded by these subgrants, the subgrantee, upon specific request from the Department and the U.S. Department of Justice, agrees to cooperate with DOJ in any preparation by DOJ of a national or program environmental assessment of that funded program or activity.

37. Non-Procurement, Debarment and Suspension

The subgrant recipient agrees to comply with Executive Order 12549, Debarment and Suspension (34 CFR, Part 85, Section 85.510, Participant's Responsibilities). These procedures require the subgrant recipient to certify it shall not enter into any lower tiered covered transaction with a person who is debarred, suspended, declared ineligible or is voluntarily excluded from participating in this covered transaction, unless authorized by the Department.

b. This certification is a material representation of fact upon which reliance was placed when this agreement was made. Submission of this certification is a prerequisite to entering into this agreement subject to conditions and penalties imposed by Section 1352, Title 31, United States Code. Any person who fails to file the required certification is subject to a civil penalty of not less than $10,000 and not more than $100,000 for each failure to file.

c. The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No federally appropriated funds have been paid or shall be paid to any person for influencing or attempting to influence an officer or employee of any federal agency, a member of congress, an officer or employee of congress, or an employee of a member of congress in connection with the awarding of any federal loan, the entering into of any renewal, amendment, or modification of any federal contract, grant, loan or cooperative agreement.

Section 2: Project Overview

General Project Information

Project Title: PROACTIVE TECHNOLOGY DEPLOYMENT
Project Sequence No: 1
Subgrant Recipient: City of Lake Mary
Implementing Agency: City of Lake Mary Police Department
Project Start Date: 10/1/2007 **End Date:** 9/30/2008

Problem Identification

Traffic violations, including driving while under the influence, are a very serious problem within the City of Lake Mary. The primary cause of traffic crashes within the City of Lake Mary continues to be careless driving. Lake Mary Police Department policy and procedure supports the enforcement of traffic violations that are deemed to be contributing causes for traffic crashes, as traffic crashes have a large ripple effect for the community as a whole.

Furthermore the department actively pursues the prosecution of offenders who are driving under the influence. Oftentimes, a video recording of the field sobriety tests is necessary in court to pursue prosecution, currently all of our patrol vehicles are equipped with video recording devices with the exception of the motorcycle units.

Project Summary

When completing uniform traffic citations in the field, the officers and the citations are subjected to the elements of nature including humidity, and inclement weather, as well as each individual Officers' handwriting. Both of these contributing factors create a readability issue for the clerk of the courts office, and is the primary reason why citations are dismissed in the court. Currently our motorcycle Officers have computerized ticket writers which have aided greatly in the readability of the citations, as well providing a system for ensuring that the correct citation number is utilized. This project will place an additional ten computerized ticketwriters in the patrol vehicles to further increase the efficiency in the issuance of citations.

Futhermore, this project will allow for our Motorcycle Officers to have video recording capabilities so that their traffic stops and public contacts can be recorded as all other members of the agencies are, and will further increase the chances of successful prosecution of offenders of driving under the influence.

With this two pronged approach the Lake Mary Police Department will be better able to work with the citizens of Lake Mary to reduce our total number of traffic crashes through enforcement and successful prosecutions of offenders, to enhance the quality of living in the City of Lake Mary.

a. A Drug Court Project funded by the JAG Grant Program must contain the 10 key elements outlined in the U.S. Department of Justice, Office of Justice Programs, Drug Courts Program Office, program guidelines "Defining Drug Courts: The Key Components", January 1997. This document can be obtained from FDLE, Office of Criminal Justice Grants, at (850) 410-8700.

b. To ensure more effective management and evaluation of drug court programs, the subgrant recipient agrees that drug court programs funded with this award shall collect and maintain follow-up data on criminal recidivism and drug use relapse of program participation. The data collected must be available to U.S. DOJ and FDLE upon request.

30. Overtime for Law Enforcement Personnel

Prior to obligating funds from this award to support overtime by law enforcement officers, the U.S. Department of Justice encourages consultation with all allied components of the criminal justice system in the affected jurisdiction. The purpose of this consultation is to anticipate and plan for systemic impacts such as increased court dockets and the need for detention space.

31. Criminal Intelligence System

a. The purpose of the federal regulation published in 28 CFR Part 23 - Criminal Intelligence Systems Operating Policies is to assure that subgrant recipients of federal funds for the principal purpose of operating a criminal intelligence system under the Omnibus Crime Control and Safe Streets Act of 1968, 42 U.S.C. 3701, et seq., as amended, use those funds in conformance with the privacy and constitutional rights of individuals.

b. The subgrant recipient and a criminal justice agency that is the implementing agency agree to certify that they operate a criminal intelligence system in accordance with Sections 802(a) and 818(c) of the Omnibus Crime Control and Safe Streets Act of 1968, as amended and comply with criteria as set forth in 28 CFR Part 23 - Criminal Intelligence Systems Operating Policies and in the Bureau of Justice Assistance's Formula Grant Program Guidance. Submission of this certification is a prerequisite to entering into this agreement.

c. This certification is a material representation of fact upon which reliance was placed when this agreement was made. Federal law requires a subgrant-funded criminal intelligence system project to be in compliance with the Act and federal regulation prior to the award of federal funds. The subgrant recipient is responsible for the continued adherence to the regulation governing the operation of the system or faces the loss of federal funds. The Department's approval of the subgrant recipient agreement does not constitute approval of the subgrant-funded development or operation of a criminal intelligence system.

32. Confidential Funds

A signed certification that the project director or the head of the Implementing Agency has read, understands, and agrees to abide by all of the conditions for confidential funds as set forth in the effective edition of OJP's Financial Guide is required from all projects that are involved with confidential funds from either Federal or matching funds. The signed certification must be submitted at the time of grant application.

b. The subgrant recipient and the implementing agency agree to certify that they either do or do not meet EEO program criteria as set forth in Section 501 of The Federal Omnibus Crime Control and Safe Streets Act of 1968, as amended and that they have or have not formulated, implemented and maintained a current EEO Program. Submission of this certification is a prerequisite to entering into this agreement. This certification is a material representation of fact upon which reliance was placed when this agreement was made. If the subgrant recipient or implementing agency meet Act criteria but have not formulated, implemented and maintained such a current written EEO Program, they have 120 days after the date this agreement was made to comply with the Act or face loss of federal funds subject to the sanctions in the Justice System Improvement Act of 1979, Pub. L. 96-157, 42 U.S.C. 3701, et seq. (Reference Section 803 (a) of the Act, 42 U.S.C. 3783 (a) and 28 CFR Section 42.207 Compliance Information).

c. Any subgrant recipient or implementing agency receiving a single grant award for $500,000 or more OR an aggregate of grant awards for $1,000,000 or more during any 18 month period in federal funds, must have approval of its EEO Plan by the U.S. DOJ, Office for Civil Rights (OCR). The subgrantee shall submit its EEO Plan to FDLE, for submittal to the U.S. DOJ, OCR for approval. The submission shall be in both paper copy and electronic format. If the U.S. DOJ, OCR has approved an agency's EEO Plan during the two previous years, it is not necessary to submit another EEO Plan. Instead, the subgrantee need only send a copy of its approval letter from the OCR. However, if the EEO Plan approval is more than two years old, an updated Plan must be submitted.

d. In the event a Federal or State court of Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, sex, or disability against a recipient of funds, the recipient will forward a copy of the finding to the Office for Civil Rights, Office of Justice Programs.

34. Americans with Disabilities Act

Subgrantees must comply with the requirements of the Americans with Disabilities Act (ADA), Public Law 101-336, which prohibits discrimination by public and private entities on the basis of disability and requires certain accommodations be made with regard to employment (Title I), state and local government services and transportation (Title II), public accommodations (Title III), and telecommunications (Title IV).

35. Immigration and Nationality Act

No public funds will intentionally be awarded to any contractor who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions contained in 8 U.S.C. Section 1324a(e), Section 274A(e) of the Immigration and Nationality Act ("INA"). The Department shall consider the employment by any contractor of unauthorized aliens a violation of Section 274A(e) of the INA. 37. Non-Procurement, Debarment and Suspension

The subgrant recipient agrees to comply with Executive Order 12549, Debarment and Suspension (34 CFR, Part 85, Section 85.510, Participant's Responsibilities). b. This certification is a material representation of fact upon which reliance was placed when this agreement was made. Submission of this certification is a prerequisite to entering into this agreement subject to conditions and penalties imposed by Section 1352, Title 31, United States Code. Any person who fails to file the required certification is subject to a civil penalty of not less than $10,000 and not more than $100,000 for each failure to file.

Section #2 Project Overview

General Project Information

Project Title: GUARDIAN WATCH SYSTEM

Project Sequence No: 1

Subgrant Recipient: City of Longwood

Implementing Agency: City of Longwood Police Department

Project Start Date: 10/1/2007 **End Date:** 9/30/2008

Problem Identification

While on routine patrol, officers need to be able to view high crime threat locations such as banks and convenience stores throughout the city. This cannot be done while also patrolling all areas of the city at this time. Currently there is no equipment available to surveil and record events at these high crime areas.

Project Summary

The goal of this project is to place 12 remote video cameras at high crime locations which will interface with on board mobile computers in the patrol vehicles. The system will give the officer the ability to review activity at high crime locations, and record it up to 24 hours previous to the report of a crime. This project will increase the Officers ability to view 12 different locations remotely while maintaining community patrols. The benefit of capturing the images from these systems is invaluable when prosecuting criminal cases, with a high conviction rate there is an anticipated reduction in repeat offenders committing criminal actions.

d. Under no circumstances can transfers of funds increase the total budgeted award.

21. Disputes and Appeals

The subgrant recipient shall proceed diligently with the performance of this agreement according to the Department's decision.

SUBGRANTEE CERTIFICATION

Federal regulations require recipients of financial assistance from the Office of Justice Programs (OJP) to prepare, maintain on file, submit to OJP for review and implement an EEO Plan in accordance with the Omnibus Crime Control and Safe Street Act of 1968, as amended, and 28 CFR Part 42.301-.308, Subparts C through H, if they meet the following criteria:

(i) have 50 or more employees; and
(ii) received a total of $25,000 or more in grants or subgrants; and
(iii) have 3 percent or more minorities in services population (however, if less than 3 percent minorities in service population, an EEOP must still be prepared, but must focus on employment practices affecting women only).

I, the undersigned authorized official, certify that according to Section 501 of the Omnibus Crime Control and Safe Streets Act of 1968 as amended, that the Subgrantee (Subgrant Recipient):

____ Does meet Act Criteria and does have a current EEO Plan.

____ Does meet Act Criteria and does not have a current EEO Plan.

____ Does not meet Act Criteria, and therefore not required to have an EEO Plan.

Recipients that meet criteria (i) and (iii) above, and receive over $500,000 (or $1 million during and 18 month period) are required to submit an EEO Plan to the Office for Civil Rights, Office of Justice Programs for review.

_____Has included a copy of the current approval letter from the US DOJ.

I further affirm that if the Subgrant Recipient *meets* the Act criteria and does not have a current written EEO Plan, federal law requires it to formulate, implement, and maintain such a Plan within 60 days after a subgrant application for federal assistance is approved or face loss of federal funds.

Section 2: Project Overview

General Project Information

Project Title: SCSO DIGITAL IN CAR VIDEOS

Project Sequence No: 1

Subgrant Recipient: Seminole County Board of Commissioners

Implementing Agency: Seminole County Sheriff's Office

Project Start Date: 10/1/2007 **End Date:** 9/30/2008

Problem Identification

Video evidence significantly supports and enhances the ability to prosecute cases, provide proof of alcohol/drug use, and provide credible testimony in court. Digital video evidence has become a standard for most agencies as it provides better quality video, saves time and money in storage and review processes.
The Seminole County Sheriff's Office is currently transitioning from VHS style In-Car Camera systems to Digital In-Car Video Camera Systems. The ultimate goal is to outfit our 260 SNP road patrol units. Due to the prohibitive costs in executing this project we have to implement it in phases. We purchased 20 units during this past fiscal year and we have an additional 20 units budgeted in our general revenue budget for the next fiscal year. We are seeking all available means to support the funding of this project.

Project Summary

The Seminole County Sheriff's Office is currently transitioning from VHS style In-Car Camera systems to Digital In-Car Video Camera systems to enhance the quality of video evidence collected in alcohol and drug abuse cases. The objective is to significantly support and enhance the ability to prosecute cases, provide proof of alcohol/drug use, and provide credible testimony in court. Funding from this grant will assist in the purchase of 10 Digital In-Car Video Cameras.

The Department, where warranted by extenuating circumstances, may extend the starting date of the project past the ninety (90) day period, but only by formal written amendment to this agreement.

Such causes include, but are not limited to, acts of God or of the public enemy, acts of the government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather, but in every case, the failure to perform shall be beyond the control and without the fault or negligence of the subgrant recipient.

b. If failure to perform is caused by failure of a consultant to perform or make progress, and if such failure arises out of causes beyond the control of subgrant recipient and consultant, and without fault or negligence of either of them, the subgrant recipient shall not be deemed in default, unless:

(1) Supplies or services to be furnished by the consultant were obtainable from other sources,

(2) The Department ordered the subgrant recipient in writing to procure such supplies or services from other sources, and

(3) The subgrant recipient failed to reasonably comply with such order.

c. Upon request of the subgrant recipient, the Department shall ascertain the facts and the extent of such failure, and if the Department determines that any failure to perform was occasioned by one or more said causes, the delivery schedule shall be revised accordingly.

20. Written Approval of Changes in this Approved Agreement

Subgrant recipients shall obtain approval from the Department for major substantive changes. These include, but are not limited to:

a. Changes in project activities, target populations, service providers, implementation schedules, designs or research plans set forth in the approved agreement;

d. Under no circumstances can transfers of funds increase the total budgeted award.

21. Disputes and Appeals

The subgrant recipient shall proceed diligently with the performance of this agreement according to the Department's decision.

b. If the subgrant recipient appeals the Department's decision, the appeal also shall be made in writing within twenty-one (21) calendar days to the Department's clerk (agency clerk). The subgrant recipient's right to appeal the Department's decision is contained in Chapter 120, Florida Statutes, and in procedures set forth in Rule 28-106.104, Florida Administrative Code. Failure to appeal within this time frame constitutes a waiver of proceedings under Chapter 120, Florida Statutes.

22. Conferences and Inspection of Work

Conferences may be held at the request of any party to this agreement. At any time, a representative of the Department, of the U.S. Department of Justice, or the Auditor General of the State of Florida, have the privilege of visiting the project site to monitor, inspect and assess work performed under this agreement.

b. The Department reserves the right to unilaterally terminate this agreement if the subgrant recipient, implementing agency, or contractor refuses to allow public access to all documents, papers, letters, or other materials subject to provisions of Chapter 119, Florida Statutes, and made or received by the subgrant recipient or its contractor in conjunction with this agreement.

The letter indicating delegation of signature authority must be signed by the chief officer or elected official and the person receiving signature authority. The letter must also specify the authority being delegated.

27. Personnel Changes

Upon implementation of the project, in the event there is a change in Chief Executive Officers for the Subgrantee or Implementing Agency, Project Director, or Contact Person, the Department must be notified in writing with documentation to include appropriate signatures.

The purpose of this consultation is to anticipate and plan for systemic impacts such as increased court dockets and the need for detention space.

31. Criminal Intelligence System

a. The purpose of the federal regulation published in 28 CFR Part 23 - Criminal Intelligence Systems Operating Policies is to assure that subgrant recipients of federal funds for the principal purpose of operating a criminal intelligence system under the Omnibus Crime Control and Safe Streets Act of 1968, 42 U.S.C. 3701, et seq., as amended, use those funds in conformance with the privacy and constitutional rights of individuals.

c. Any subgrant recipient or implementing agency receiving a single grant award for $500,000 or more OR an aggregate of grant awards for $1,000,000 or more during any 18 month period in federal funds, must have approval of its EEO Plan by the U.S. DOJ, Office for Civil Rights (OCR). The subgrantee shall submit its EEO Plan to FDLE, for submittal to the U.S. DOJ, OCR for approval. The submission shall be in both paper copy and electronic format. 35. Immigration and Nationality Act

No public funds will intentionally be awarded to any contractor who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions contained in 8 U.S.C. Section 1324a(e), Section 274A(e) of the Immigration and Nationality Act ("INA"). The Department shall consider the employment by any contractor of unauthorized aliens a violation of Section 274A(e) of the INA. For any of a subgrantee's existing programs or activities that will be funded by these subgrants, the subgrantee, upon specific request from the Department and the U.S. Department of Justice, agrees to cooperate with DOJ in any preparation by DOJ of a national or program environmental assessment of that funded program or activity.

37. Non-Procurement, Debarment and Suspension

The subgrant recipient agrees to comply with Executive Order 12549, Debarment and Suspension (34 CFR, Part 85, Section 85.510, Participant's Responsibilities). b. This certification is a material representation of fact upon which reliance was placed when this agreement was made. Submission of this certification is a prerequisite to entering into this agreement subject to conditions and penalties imposed by Section 1352, Title 31, United States Code. Any person who fails to file the required certification is subject to a civil penalty of not less than $10,000 and not more than $100,000 for each failure to file.

General Project Information

Project Title: TICKET WRITERS FOR PATROL

Project Sequence No: 1

Subgrant Recipient: City of Altamonte Springs

Implementing Agency: Altamonte Springs Police Department

Project Start Date: 10/1/2007 **End Date:** 9/30/2008

Problem Identification

The City of Altamonte Springs has two major State roads (434 & 436) and one major Interstate (I-4) running through it therefore traffic flow, traffic enforcement, and traffic engineering is very important to the citizens and visitors of the City.

Due to the high volume of traffic through our City, the Altamonte Springs Police department developed the Selective Traffic Enforcement Program (STEP) to systematically address problem areas identified by officers or citizens.

The police department has a three prong approach to traffic issues: Education, Enforcement, and Engineering. The patrol division mainly deals with the enforcement and education prongs of this approach.

The education component is dealt with via the neighborhood watch meetings, verbal warnings, and written warnings to motorists. The enforcement appraoch is writing violators tickets for their violations.

Project Summary

The Altamonte Springs Police department wants to purchase computer ticket writers for patrol officers. The ticket writers will eliminate data errors on traffic citations, will produce professional easy-to-read citations, and will reduce the contact time between the officer and the offender.

The data from each ticket will be stored electronically into a database that we will utilize for research. This data will give us the ability to analyze locations, times, and personell to fight traffic issues.

Section 2: Project Overview

General Project Information

Project Title: OVIEDO POLICE DEPARTMENT TICKET WRITER PURCHASE
Project Sequence No: 1
Subgrant Recipient: City of Oviedo
Implementing Agency: Oviedo Police Department
Project Start Date: 10/1/2007 **End Date:** 9/30/2008

Problem Identification

Technology is available to automate writing of a traffic citation. Automated citation software is an effective tool in helping to meet the needs of law enforcement. This technology lessens errors made by officers while writing traffic citations. These errors cause unnecessary extra work not only for the issuing Police Department but also other government entities as the Clerk of the Court, County Jail, etc. The technology also lessens the time necessary for an officer to spend on a traffic stop while issuing a traffic citation.

Project Summary

Grant funds will purchase four (4) automated ticket writer systems for the Oviedo Police Department's Traffic Officers.

Section 4: Financial (cont.)

Budget Narrative:

The Oviedo Police Department is requesting this grant to purchase four (4) Ticket Writer Systems for the motorcycle officers. The equipment will be purchased as soon as possible after receiving the grant funds. The program should be in place by the end of the first quarter.

Ticket Writer Systems allow officers to complete traffic citations much faster than handwriting them. This will enable officers to spend less time on a single traffic stop when issuing a traffic citation and more time patrolling for traffic violators.

Ticket Writer Systems also reduce errors made on traffic citations by officers when handwriting the citation. The Clerk of the Traffic Court returns all traffic citations to the originating agency when an error occurs. This causes a time delay in the Clerk of the Traffic Court being able to input the citation in their system for payment. Also jails are inconvenienced when an error occurs as the citation can not be processed immediately by the jail.

Use of the Ticket Writer System will increase public awareness in our effort to reduce traffic crashes and fatalities through an increased number of traffic stops.

Contractual Cost of $1,250.00 for Annual Maintenance agreement ($1,250.00)

Expenses of $18,750 for 4 ticket writers costing $4,550 each, cables at $23.00, shipping and handling at $132.00 and Thermal Paper at $395.00.

Measurable Objectives/Performance Criteria

Decrease the time spent on a traffic stop for officers issuing traffic citations.

Decrease the errors made by officers on issued traffic citations.

Increase the number of traffic citations issued by Traffic Officers by 10% over the previous year.

Decrease the number of traffic crashes in the City of Oviedo by 10% over the previous year.

The Ticket Writer Systems will be purchased from Advanced Public Safety (APS) which has contracted with all agencies in Seminole County to provide the same price to all. APS is also familiar with the CAFE system used by all agencies in Seminole County to input and track traffic citations.

Section #2 Project Overview

General Project Information

Project Title: "CRIMINALS CAUGHT ON CAMERA I"

Project Sequence No: 1

Subgrant Recipient: Seminole County Board of Commissioners

Implementing Agency: Winter Springs Police Department

Project Start Date: 10/1/2007 **End Date:** 9/30/2008

Problem Identification

The Winter Springs Police Department has experienced an increase in alcohol-related traffic crashes, aggressive driving, and cases involving the sale and transport of illegal narcotics in and through the city limits. It is the desire of the police department to document these cases with video evidence through the purchase of in-car cameras. Allowing the purchase of this equipment will allow officers to document the events as they happen and solidify criminal cases against these types of offenders. With this new equipment, we hope to increase the convictions of these individuals with indisputable real-time video evidence.

Project Summary

The Winter Springs Police Department is requesting funding for the purchase of in-car video cameras that use the latest technology available to record, document, and help convict criminal acts in the city. It is our intent to equip all patrol vehicles with a camera over the next three years. Appropriation of grant funds will permit the police department to implement this project upon receipt.

The project titled "Criminals Caught on Camera I" is designed as a three-year endeavor. First-year funding will allow the purchase of twelve (12) complete camera systems and the latest video storage systems necessary for proper operation of the system. It is our wish to have our entire patrol fleet outfitted over the upcoming three years.

Section 4 (Financial Impact)

Budget Narrative:

The City of Winter Springs police department seeks funding obtained under this grant program. This funding will be used as Operating Capital Outlay, which will allow the police department to purchase twelve (12) complete in-car camera systems and the associated high-capacity storage hardware necessary to properly implement this program. It is the mission of the police department to purchase this equipment to immediately begin apprehension and prosecution programs outlined in our project summary.

The digital video hardware technology chosen for this project will provide a system that is proven for routing high-resolution video images to multiple pre-determined locations. This will ensure images are available for the State Attorney's Office and enhance our prosecution efforts. A dedicated storage server will be used to adequately provide the necessary infrastructure to store video images and route them appropriately for court purposes. The large storage capacity allows for long mission operation without identifying and reloading videotape cartridges. All purchases will be made in accordance with established purchasing procedures of the City of Winter Springs. There is no local cash match for this program. The total cost of this equipment outlined herein is $58,000.
