**SEMINOLE COUNTY GOVERNMENT  
AGENDA MEMORANDUM**

**SUBJECT:** Amendment #1 to CC-3321-08/DRR - Small Utility Projects and Pipeline Repairs

**DEPARTMENT:** Administrative Services

**DIVISION:** Purchasing and Contracts

**AUTHORIZED BY:** Frank Raymond

**CONTACT:** Vagillia Taylor

**EXT:** 7122

**MOTION/RECOMMENDATION:**

Approve Amendments to CC-3321-08/DRR with Affordable Development of Titusville, Florida; American Persian Engineers and Constructors of Orlando, Florida; Central Florida Environmental Corporation of Winter Springs, Florida; and 4C's Trucking & Excavation, Inc. of Bunnell, Florida; to add additional Pay Items as identified in the revised Exhibit C included within the Amendment for each Contractor.

County-wide

---

**BACKGROUND:**

CC-3321-08/DRR provides for multiple Contractors to perform various pipeline repairs, pipe refurbishments, pipe replacements and small utility projects within the County's water and wastewater infrastructure for the Environmental Services Department. Contractors are also responsible for all site restoration, trench safety and maintenance of traffic during the construction or repair work. On August 26, 2008, the Board awarded Master Agreements to Affordable Development of Titusville, Florida; American Persian Engineers and Constructors of Orlando, Florida; Central Florida Environmental Corporation of Winter Springs, Florida; and 4C's Trucking & Excavation, Inc. of Bunnell, Florida.

Amendments under these Master Agreements will become the First Amendments for each Contractor, and the Exhibit C from each Contractor will provide for the addition of Pay Items to consist of various unit costs associated with small utility projects and pipeline repairs. These Pay Items were not included within the original Master Agreement, and these items provide the upper limit of cost where the Contractor bids up to but does not exceed each unit cost. The Environmental Services Department, Water and Sewer Division has reviewed and approved these additional Pay Items. The backup documentation includes these list of the additional Pay Items.

Authorization for the performance of services by the Contractors under these Master Agreements shall be in the form of written Work Orders issued and executed by the County, and signed by the Contractors. Work Orders for each project will be competitively bid among these four (4) Contractors, and the A + B method will be utilized to determine the low bid for award of each Work Order as time is a crucial factor in the majority of the projects.

**STAFF RECOMMENDATION:**

Staff recommends that the Board approve Amendments to CC-3321-08/DRR with Affordable Development of Titusville, Florida; American Persian Engineers and Constructors of Orlando, Florida; Central Florida Environmental Corporation of Winter Springs, Florida; and 4C's Trucking & Excavation, Inc. of Bunnell, Florida; to add additional Pay Items as identified in the revised Exhibit C included within the Amendment for each Contractor.
